

## **Driving the Vehicle outside the Country**

Before leaving the country with a vehicle subject of a leasing agreement you should ensure that you have the following documents:

- Green Card valid in the countries you will pass through during your trip;
- Copy of CASCO insurance policy;
- Power of attorney for leaving the country granted by UniCredit Leasing.

The Green Card is issued if the country of destination or transit is a conterminous country (Ukraine, Republic of Moldova, Serbia) or a non-EU country. The issue of the green card will be charged according to the rates set by the insurers. If the RCA policy has a valid green card in the aforementioned countries you should no longer require its issue.

The power of attorney is issued only if you have Casco extended coverage (outside Romania).

If the insurer of RCA policy is the same as the insurer of CASCO policy and the country of destination is an EU country, Casco policy will be automatically extended without being necessary to pay any additional premium. All other cases should be separately analyzed depending on the insurer.

The power of attorney for leaving the country is issued only if all financial obligations relating to the leasing agreement and RCA and CASCO insurances are paid. In order to obtain the power of attorney please send us a written request at the facsimile number 021/200.77.78 or using the e-mail address [infoclient@unicreditleasing.ro](mailto:infoclient@unicreditleasing.ro), including the following information:

- identification data of the vehicle;
- identification data of the person who will drive the vehicle;
- name of the counties you will pass through (destination and transit)
- period of the power of attorney.

In order to receive the power of attorney for leaving the country you may also contact us by phone +4021.200.77.77.

The power of attorney may be issued for a period of maximum 3 months and it can be renewed.

If a Green Card document should be issued, the related cost shall be paid in advance, based on a statement issued by UniCredit Insurance Broker (the same day). The Green Card document together with the power of attorney will be issued only after submitting the proof of payment.
